HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every article of dandruff, get a 25-cent bottle of Danderine at any drug store. Pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

PEN POINTS

BY THE STAFF.

Rally around the flag of the old Liberty Loan!

Now for the world's "best" "You know me, Al."

Is Tom Heflin of Alabama the Law of the House? Both agree to be "fixes."

What has become of the Los Angeles La Follette Club? Found retired to a nursery.

Smoking in public is not allowed in Germany. The Crown Prince possibly needs all of the tobacco.

Who is going to revise the scriptures after the great triumph of that work will have been done.

Pork is selling higher in children, which is another of the unexpected things of these pen points.

Another industry that has appeared in this country is the making of the old-fashioned comb.

It was an unlucky day for L.W.W.'s when they concluded to come West and grow up with country.

What has become of the campaign of the Dardanelles? Seems to be something of that kind since the war.

This is certainly a "stable" government. It shelters such jacks as Senators Reed, Stone, La Follette and Vandaman.

Why cartoon Germany as a dachshund? That sort of dog really isn't a bad kind in spite of Teutonic name.

The present year is one of prosperity for the sleeping-car companies. So many folks trying to see America first.

The most capable woman known of is one who marries money and gets it. So many is a chance and less out.

It would be money in the pocket of Russia if there were more ruskies. But he seems to be only one of the species.

A man out in Kansas the other day traded his automobile for a hundred acres of the finest land that State; but the car owner got about \$10,000 to boot.

When it comes to neighboring ruskies, there is nothing in the world as strong as circumstantial evidence. Some of the folks that even require that to convict.

We are not militarists in any sense, but our idea of the American army and navy is to have them a little bit better than similar establishments of other nations.

Fashion has dictated that for the coming season women's blouses be to be hooked up the back. It ought to be a sufficient cause of exemption. Who is to do the hooking up, if the menfolk are away?

Wonder what will become of those Russian women soldiers at the war? Who will want to marry a woman who has been accustomed to carrying guns, bayonets and things? Her exercise with weapons might not make her a favorite helpmate.

Herbert Hoover asks the people to use less sweets and the result, by investing more money and constantly in all forms of containing sugar. There is a war of heat in the food conservation talk. Nobody is paying the attention to it.

A protest has been filed by the Mainline and the entire South Carolina Congressional delegation against the encampment of any colored troops in that State. If a soldier is good enough to wear the uniform of the United States army, he is good enough to camp in any part of the Union.

An indication of the trend of popular opinion and sentiment is to be found in the fact that several well-known comedians who have been interpreting German dialect characters will, during the coming season, shift to the Irish. Anything outside the influence of the war that will reduce the number of German comedians will be hailed as good thing.

There is a demand for books to be sent to the soldiers at the front and everybody ought to contribute to the literary fund. And be careful what sort of books you send. Something light and interesting is needed. Copies of "Sherlock Holmes," Kipling, Stevenson and John Flax, and not necessarily "Pilgrim's Progress" and "Bartley's Rest."

OUR HOPE.

When true knowledge is spread abroad, Then Peace and joy on earth will reign.

And Nature's God will be man's God, Her grandest work—the human brain.

The torch of Science will set men free, The Golden Rule will be his guide, And man will win his Faith—

Then—

Trinity—Mother, Dame and Holy Bride.

Then Guardian Angel, Heavenly Dove, And most Holy One in Christian grace, In thy righteousness and Divine Love, Rest all our hopes for the human race.

When thy Rule and Truth have been blessed good, From this struggling world of tears, Then true Brotherhood will be man's creed.

Through all millennium's golden years, H. C. KELLOGG.

Million Subscribed as Loan Drive Starts.

Patriotic Luncheon Features the First Day in the Campaign for the Second Bond Issue.

The second Liberty Loan drive opened in Los Angeles and Southern California yesterday, with the committee in charge having only until the 27th inst. to raise \$10,000,000 from the Southland. This amount is the allotment made by the National Campaign Committee and the local bankers and bond men in charge of the work in this section.

Leaders comprise the General Committee, among whom are H. S. McKee, M. N. Avery, Fred L. Baker, Russell H. Ballard, W. A. Barker, J. Whitcomb Brougher, Seth A. Brown, Louis M. Cole, J. E. Conwell, Cecil R. de Mille, D. K. Drake, Laszlo R. Dockweiler, Harry C. Fryman, W. M. Garland, H. M. Halderman, M. A. Hamburger, Stoddard Jess, W. L. Longyear, B. F. McComas, R. H. Moulton, V. H. Rossett, George A. Rathbun, W. L. Stewart and A. J. Waler.

R. H. Moulton is chairman of the Campaign Organization Committee; J. S. Riley, distributing manager; Donald O'Melveny, manager speaker; Garrettsville Dulin, organization manager; R. L. Angell, office manager, and H. M. Worcester, secretary. These experienced bond men will have charge of the various subcommittees, and will direct the entire drive for money in this locality.

The Four-minute Men, an organization of speakers who will appear in motion-picture theaters and other places of amusement to address the audience on the subject of Liberty Bond purchases, has already enrolled over 100 distinguished public men for this purpose. Some of those scheduled to make addresses are Federal Judge Benjamin F. Bledsoe, Superior Judge Paul McCormick, Herbert Goudge, E. A. Messer and Genner Williams.

At the first luncheon for the second Liberty Loan campaign at the Alexandria yesterday.

From left to right, those in the picture are J. S. Conwell, Harry Halderman, J. A. Fishburn, H. S. McKee, Leslie B. Henry, W. B. Hammond, R. L. Angell, Garrettsville Dulin, A. E. Lewis, H. M. Worcester, A. M. Clifford, Russell H. Ballard, R. H. Moulton.

Series felt that they can have this an over-subscribed if they receive the proper support from everyone.

Campaign headquarters were set up at the public at the Alexandria yesterday morning in the old building-rooms of the National Bank of California at Fourth and Spring streets. All day bond salesmen were working in their respective districts, and it was estimated by the Campaign Committee that over \$1,000,000 had been pledged up to 5 p.m. Advance offers totaling over \$1,000,000 had already been received and had several days ago.

A patriotic luncheon was held at the Alexandria yesterday noon, which was attended by approximately 50 people, comprising the business and professional leaders of the city. At this luncheon the first steps were taken to formulate a plan which will assure enough subscriptions to the Liberty Loan to meet the needs of the country.

One hundred thousand dollars, one of the largest single subscriptions, was made by the Los Angeles and Electric Corporation. In a letter by Vice-President William Bartholme, accompanying the subscription, the corporation said: "We, in order to enable the employees to participate in the new loan, the company will, upon the request of the employees, subscribe for amount of bonds desired, not exceeding 25 per cent. of the yearly salary, and will advance the whole subscription price, allowing the employee to repay the amounts advanced in monthly installments over a period of two years.

That the "stay-at-home" option is to be of his surplus, whether it be to or \$500,000, where it would be the largest interest without reason for the Liberty Loan and the company's needs was considerable only to the option any healthy man under 21 years of age has of serving or refusing to serve the government in the trenches of France and Flanders, was the keynote of the patriotic luncheon.

"That option," said Leslie B. Henry, spokesman for the campaign organization, "is the option of the man who makes duty and self-interest competitors for his favor; it is the option of the man who can be a true citizen, meeting his obligations to his country whether on the battlefield or at home, but who can choose to be a financial slacker; it is the option of the moral coward, who, if gray hairs did not keep him from the list of eligibles for the nation's fighting forces, would be among those misbegotten when the allments of conscription were called to the fore."

Mr. Henry commented on the increase of interest yield to 4 per cent. on the second Liberty Loan as follows:

"The increase in interest is all it takes more than any citizen who does not suddenly learn of the nation's emergency as an opportunity to make his country his victim as a creditor, and sell his Liberty Loan bonds at a profit."

Mr. Henry said that the company paid in the vicinity of 8 per cent. for two-year money, but if it should be the case that the company, who is one of our committee, whether, because his organization was committed to pay such a charge for money, the government should be a competitor on the same basis, I wonder what he would say?"

Mr. Ballard, smiling, electrified the audience with the answer: "Not a word, not a word, not a word."

MANY SUBCOMMITTEES.

The Campaign Organization Committee will have twenty-eight subcommittees working under it, and the chairman of these subcommittees will each have a certain district cover. Able assistants will be chosen by these subcommittees, and the caliber of these men is exceptionally high. It is expected that the actual work of securing subscriptions will be made very easy. The pioneer work was done in the Liberty Loan drive; future campaigns will not be as difficult, as the nation is being rapidly educated to understand war finance.

PROGRAMME OUTLINED. SUGGESTS COMPROMISE.

Meetings to be held in Church and Shop Districts—Sunday to Speak at Tabernacle.

Today will be a busy one among the leaders of the various church and special meetings that have been arranged for the Billy Sunday evangelistic campaign. Beside the listed meetings there will be an address by Mr. Sunday afternoon and evening at the tabernacle. Miss Alice Gamlin will preside at 3:15 p.m. and 7 p.m. at the Alvarado Christian Church, Sunset boulevard and Alvarado street. With Rev. W. H. Saylor, parents' meetings will be conducted. The balance of the day's programme is as follows:

Miss Grace Saxe—10:30 a.m. Bible class, Temple Baptist Church, Bertram Hall; 2 p.m. Bible class, tabernacle; 7:45 p.m. First Methodist Church at Pasadena.

Mrs. William Asher—11:45 a.m. Stearns Canning Company, 225 West Avenue 20; 1 p.m. conference luncheon, T.W.C.A.; 2 p.m. Business

Several complaints of Charles R. McCormick and others against the Southern Pacific and the Santa Fe, involving alleged discriminations in rates on lumber between Los Angeles Harbor and Los Angeles, and various points in Arizona, were quickly disposed of yesterday by Special Examiner C. R. Marshall of the Interstate Commerce Commission, at a conference in the Federal Building.

The cases have been before the commission in one guise and another three or four times, and Examiner Marshall intimated that if a mass of testimony was taken the result was not likely to add anything to the information now in possession of the body. The commission, he stated, was anxious to have all matters in dispute in this case, as in all others, settled amicably if possible. It was therefore stipulated be-

Have Healthy, Strong, Beautiful Eyes.

Collyer and Peckham and other eye specialists have found that the eyes of many young people are being ruined by the use of cheap, unhygienic eye drops and ointments. They have discovered that the eyes of these people are becoming weak and that they are losing their vision. They have found that the only way to keep the eyes healthy and strong is to use Collyer's Oriental Cream. This cream is made of the finest ingredients and is guaranteed to keep the eyes healthy and strong. It is sold in all drug stores and is very cheap.

Weakness of Transportation Issues Neutralizes Market's Firmer Trend.

NEW YORK, Oct. 1.—(By A. P. Night Wire.)—Recurrence of the old story of the weakness of transportation issues, generally attributed to the greater necessities of foreign holders, more than neutralized the firmer tendencies shown by other stocks in the course of today's irregular market. Offerings of transportation shares were insistent, and in larger volume than at any recent period, some standard issues falling to lowest quotations of a decade or more. Additional reasons for their weakness were furnished by the poor August statements of such systems as Pennsylvania, New York Central and St. Paul.

St. Paul, common and preferred, at declines of 3-1/2 and 4 points, established new minimums at \$24-1/2 and \$25, respectively. Canadian Pacific's three-point drop to 144-1/2, was the lowest level of the year, and Baltimore and Ohio's loss of three points, to 41-1/2, furnished a low quotation for almost twenty years.

United States Steel's rise of two points, to 111-1/4, in the forenoon, was cut in half later, the same course being pursued by other steel and allied shares.

Gains of one to four points in issues under obvious pool control attracted little attention.

Sales amounted to \$25,000 shares. Bonds were irregular on reduced dealings, the Liberty issue ranging between \$9.25 and \$10.10, money, per value, advanced \$2.75.

FIRM TRADING ON LOCAL EXCHANGE.

HEAVIER DEMAND FOR MINING AND OIL SHARES.

Union Recovers in Later Dealings—United Eastern Brings Steady Prices—Some Declines. Tom Reed Gives Evidence of Improving.

There was no special feature to the trading on the Los Angeles Stock Exchange yesterday, although there appeared to be a heavier demand for oil and mining shares by the general public. Union was off a half in the morning, but small sales in the afternoon were registered at 122-1/2. Among the metals United Eastern was firm, but several of the other leaders slumped. This was particularly true of Ross, which dropped to 122-1/2 at the close. Sunnyside was in better shape, when sales were made at 87, and Tom Reed also gave signs of strengthening. After opening at 48, Los Angeles Investment recovered to 48. Ross, however, the oil possibilities of some of this company's unimproved properties continued to be the stimulus for the corporation's stock. Bank stocks were totally neglected, and there was a poorer call for Liberty Loan 3-1/2, only 1210 per value of the same selling during the meeting.

It is understood that the old Los Angeles Curb Stock Exchange, which flourished here a year ago, will occupy the quarters of the present stock exchange when it moves into its new building.

QUALITY OF CROP, INSTEAD OF QUANTITY, AFFECTED.

Business in Oats is Narrow, Simply Reflecting Changes in Corn Market, and Provisions Sway with Cereals—Weather Exerts Bullish Influence.

CHICAGO, Oct. 1.—Indications that damage by frost last night had been done to the quality of corn, rather than quantity, led to a reaction today from an advance that first took place in prices. The market closed unsettled at 1-1/2. Provisions in general were unchanged to one-half cent lower, and for provisions 47 cents down to a rise of 5 cents.

COMMERCIAL LOCAL PRODUCE.

Despite the heavy advance in white and brown shorts to 2.25 yesterday by dealers, the market for the future of the season has already passed. The country as a whole has already passed the season of the heavy crop of onions. The planted to this year's crop of onions is estimated at 25,000 acres, compared with 23,000 in 1916. The condition of the crop is estimated at 2.25, compared with 2.15 in 1916. Government figures show a yield of 2.25, compared with 2.15 in 1916.
